

No one alone

Together we strengthen the community around children and families in Frogn.

**SOS
BARNEBYER**

Dear parents and guardians of children in kindergartens in Frogn.

You are hereby invited to participate in an anonymous survey seeking to map caregivers' network and sense of belonging in Frogn. Children grow up as part of their community and a strong parental network is vital for their security, growth and development. Your input is therefore essential to come up with ideas and initiatives which can strengthen the community around children and caregivers where you live.

You as parents, together with local actors and community enthusiasts, are all invited to be actively involved in realizing some of the suggestions and ideas that arise from this survey. This is a chance to build something together – initiatives which will benefit children and families in Frogn

The survey consists of 13 questions and does not take long to complete. The survey closes **Monday, March 31th**. You will find the QR code for the survey below.

Thank you for your important contribution!

Kind regards,
Frogn Frivilligsentral and
SOS Children's Villages
